

Pathways to Climate Solutions: Assessing Energy Technology & Policy Innovation

February 24-28, 2014
Aspen, CO

AGCI Mission

To further the understanding of
global environmental change

Program Areas

Interdisciplinary
Science
Workshops

Research &
Consulting

Education &
Public Outreach

Sponsored
Projects

AGCI Energy-Climate Thread

- Innovative Energy Systems & CO2 Stabilization: M. Hoffert, K. Caldeira, and R. Watts, 1998.
- Industrial Carbon Management: Crosscutting Scientific, Technical & Policy Implications: D. Keith and G. Morgan, 2000.
- Energy Options and Paths to Climate Stabilization: K. Caldeira and M. Hoffert, 2003.

AGCI & Energy Innovation

- Pathways to Climate Solutions: Assessing Energy Technologies and Policy Innovation
 - Climate change & carbon cycle realities
 - Carbon Free Technologies
 - Getting There: Pathways, Policies and Practices
